MONART
SCHOOL OF
ART, TECHNOLOGY, AND SPORTS

Since we opened our doors in Texas in 2008, our youngest students have boasted increases in confidence and improvements in their fine motor skills. We teach using the Monart method, which is the most effective way to instill in your children the confidence to use their artistic, technical & athletic skills needed to communicate their ideas more effectively and confidently.

We want to host combo camps, for our youngest kids, to combine activities such as fashion, cooking, computer, robotics, sports, art and ceramics. Hence, as an example, when your child comes for this camp, they may do the first hour and half in cooking, and then do the second hour and half doing fashion. Similarly, as an example, in the afternoon they can do robotics first and then art.

Students must be potty trained. You may send a sleeping bag and pillow with them, if you feel they will need some sleep in the afternoon.

No child of more than 5 years will be accepted in this Preschool combo packages. If your child has turned 6, please select from the regular camps.
